June 23, 2017

NOTICE OF ORDER NO. 1286
REQUIRING WATER USERS OF THE HUMBOLDT RIVER AND ITS TRIBUTARIES TO INSTALL AND MAINTAIN HEADGATES AND MEASURING DEVICES

Ladies and Gentlemen:

Enclosed for your information, please find a copy of State Engineer's Order No. 1286, dated June 23, 2017, requiring water users of the Humboldt River and its Tributaries to install and maintain headgates and measuring devices **by March 15, 2018** for all claims below the U.S. Geological Palisade Gaging Station (Station Number 10322500) and **April 15, 2018**, for all claims above the Palisade Gaging Station.

The Order includes an Attachment A, which identifies the claimants; however, because of its size, has not been included in this mailing, but can be viewed at the Division's website at www.water.nv.gov under the Hearings tab. If you do not have access to the internet and want a copy, you can receive a copy of Attachment A by calling the Carson City Office at (775) 684 – 2800.

If you have any question regarding this order, please contact one of the following offices of the Division of Water Resources:

Carson City	(775) 684 – 2800
Elko	(775) 753 – 3553
Winnemucca	(775) 623 – 6562

Sincerely,

Kelvin Hickenbottom, P.E.
Deputy State Engineer

IN THE OFFICE OF THE STATE ENGINEER
OF THE STATE OF NEVADA

ORDER **#1286**

REQUIRING WATER USERS OF THE
HUMBOLDT RIVER
AND ITS TRIBUTARIES TO INSTALL AND MAINTAIN
HEADGATES AND MEASURING DEVICES

WHEREAS, Findings of Fact and Decree were issued by the District Court of the Sixth Judicial District of the State of Nevada, in and for the County of Humboldt, in the *Matter of the Determination of the Relative Rights of Claimants and Appropriators of the Waters of the Humboldt River Stream System and Tributaries under the Bartlett and Edward Decrees* in Pershing, Humboldt, Lander, Eureka, and Elko Counties, in addition to those smaller portions of White Pine, Nye and Churchill counties that lie within the drainage system.

WHEREAS, the Humboldt River and Tributaries Decree provides "[t]hat all measurements of the amount diverted are to be made at or near the point where the main ditch enters or becomes adjacent to the lands being irrigated or as near thereto as practicable, the location if not selected by the State Engineer to be approved by him. Each water user shall install and maintain substantial headgates and weirs in his ditch or ditches."[1]

WHEREAS, Nevada Revised Statute (NRS) § 536.010 provides that:

1. The owner or owners of any ditch or canal shall maintain to the satisfaction of the State Engineer a substantial headgate at or near the point where the water is diverted, which shall be of such construction that it can be locked and kept closed by the water commissioner.

2. Such owners shall construct and maintain, when required by the State Engineer, suitable measuring devices at such points along such ditch as may be necessary for the purpose of assisting the water commissioner in determining the amount of water that is to be diverted into the ditch from the stream, or taken from it by the various users.

3. Every owner or manager of a reservoir located across or upon the bed of a natural stream or of a reservoir which requires the use of a natural stream channel shall be required to construct and maintain, when required by the State Engineer, a measuring

---

[1] Page 243 of the *Bartlett Decree*, as incorporated into the *Matter of the Determination of the Relative Rights of the Waters of the Humboldt River Stream System and Tributaries*, Case No. 2804, Sixth Judicial District Court of the State of Nevada, In and For the County of Humboldt (October 20, 1931).

device of a plan to be approved by the State Engineer, below such reservoir, and a measuring device above such reservoir, on every stream or source of supply discharging into such reservoir, for the purpose of assisting the State Engineer or water commissioners in determining the amount of water to which appropriators are entitled and thereafter diverting it for such appropriators' use.

4. When it may be necessary for the protection of other water users, the State Engineer may require flumes to be installed along the line of any ditch.

WHEREAS, if the channel conditions along the Humboldt River may preclude the installation of headgates and measuring devices, such as weirs and flumes, then alternative measures may be necessary to properly regulate and distribute the waters of the Humboldt River system.

NOW THEREFORE, IT IS HEREBY ORDERED that all water users of the Humboldt River and its tributaries as identified in Attachment A of this order **shall install and maintain headgates and measuring devices prior to March 15, 2018, for all claims below the U.S. Geological Palisade Gaging Station (Station Number 10322500) and April 15, 2018, for all claims above the Palisade Gaging Station**.

IT IS FURTHER ORDERED, that in instances were headgates and traditional measuring devices are impracticable, the water users must consult with the Water Commissioners in either the Elko or Winnemucca Office of the State Engineer to determine the best alternative to provide the Commissioners a means to measure and regulate diversions.

IT IS FURTHER ORDERED, that the delivery of the Pershing County Water Conservation District's decreed water right shall be measured at the U.S. Geological Survey's gaging station at Imlay, Nevada (Station Number 10333000). Pershing County Water Conservation District shall also maintain a continuous recording gaging station at the inlet of the Pitt-Taylor Reservoirs when storing water.

IT IS FURTHER ORDERED that pursuant to NRS § 536.030 if any person neglects or refuses to install the headgate, measuring device or flume, as required by NRS § 536.010, the State Engineer may in the discretion of the State Engineer, install the headgate, measuring device or flume, as the case may be, and in the first instance charge the actual cost thereof to the water distribution account and thereafter present an itemized statement of the charge to the board of county commissioners of the county wherein the charge and expenses were incurred. The board of county commissioners shall thereupon present a bill for the expenses to the person liable therefore under this section and NRS §§ 536.010 and 536.020, and if that person neglects for 30 days thereafter to pay it, the bill and costs become a lien upon the lands and property of the person so liable for the payment of the bill, and must be collected as delinquent taxes against the lands and property are collected.

Failure to comply with this order will result in the filing of an order to show cause in the Sixth Judicial District Court of the State of Nevada for the County of Humboldt as set forth under NRS §§ 533.460, 533.475, 533.480 – 553.482 and 536.120 – 536.210.

for JASON KING, P.E.
State Engineer

Dated at Carson City, Nevada this

23rd day of June, 2017.
